

Hawaii Patients Union

May 27th, 2022 North Shore, Oahu - Medical Cannabis Day 2022 brings together a diverse group of patients, subject matter experts, and key decision makers across the state to celebrate and honor June 14th, the day in 2000 that the State authorized the medical use of Cannabis in Hawai'i.

Subject matter experts will be sharing short educational lessons in-person on Medical Cannabis Day, June 14th, 2022. This educational event will be held at Care Waialua Farm on the North Shore of Oahu. Care Waialua is the largest medical Cannabis cooperative in Hawaii. A wide range of patients grow their medicine at Waialua including hundreds of veterans, kupuna and keiki medicine needs. Come visit the Care Waialua Farm for Medical Cannabis Day 2022.

Cannabis professionals will be at Care Waialua on June 14th from 4 pm to 8 pm to answer your questions and engage in a diverse discussion on patient rights, social equity, local grown medicine and food. The event will be held in a greenhouse farm setting with live presenters, seed giveaways and more. Although limited to 25 persons onsite everyone is invited to participate online. Share your Cannabis How-To video or message to honor patients and celebrate Medical Cannabis Day online. Persons interested in attending in-person are encouraged to visit the event homepage:

http://hawaiipatientsunion.com/medical-cannabis-day_2022/

“Considering the special needs of our patient community and rising Covid numbers we decided to keep our in-person event attendee numbers low. We’re improving on last year’s online event with live event feeds that will connect educators with attendees at local events, in-person on each island. We hope this hybrid model will be the best of both worlds for the patients we represent.” - Margaret Dorsey, Director, Hawai'i Patients Union

Our unifying theme this year is “**Cannabis and Whole Plant Medicines for Life**” with medicinal seed exchanges, guest presenters, local vendors and more. Events will kick off at 4pm and run until 8pm. Interested parties are encouraged to contact local patient organizations for local event details.
