

Hawaii Patients Union

May 27th, 2022 Kihei, Maui - Medical Cannabis Day 2022 brings together a diverse group of patients, subject matter experts, and key decision makers across the state to celebrate and honor June 14th, the day in 2000 that the State authorized the medical use of Cannabis in Hawai'i.

Subject matter experts will be sharing short educational lessons in-person on Medical Cannabis Day, June 14th, 2022. This educational event will be held at the South Maui Gardens Village. [South Maui Gardens](#) is in the heart of South Kihei at [35 Auhana Rd, Kihei, HI 96753](#). South Maui Gardens is a full-scale plant nursery and community garden space on 7 beautiful acres of land in the middle of Kihei. South Maui Gardens staff takes great pride in providing quality, locally grown plants of all shapes and sizes and strives to create an environment of peace, tranquility, and lightheartedness for the community through Nature, Music, Food, and Events. Nestled between the greenhouses in an intimate setting will be an in-person gathering limited to 25 persons onsite.

“Considering the special needs of our patient community and rising Covid numbers we decided to keep our in-person event attendee numbers low. We're improving on last year's online event with live event feeds that will connect educators with attendees at local events, in-person on each island. We hope this hybrid model will be the best of both worlds for the patients we represent.” - Margaret Dorsey, Director, Hawai'i Patients Union

Persons interested in attending in-person are encouraged to visit the event homepage:
http://hawaiipatientsunion.com/medical-cannabis-day_2022/

Our unifying theme this year is “**Cannabis and Whole Plant Medicines for Life**” with medicinal seed exchanges, guest presenters, local vendors and more. Events will kick off at 4pm and run until 8pm. Interested parties are encouraged to contact local patient organizations for local event details.
